Animal Comfort Experts

www.terrui.com

TERRUI

TERRUI INTERNATIONAL CO.,LTD.

Terrui International Co.,Ltd. was founded in 2002 which is specialized in the development, manufacture and sales of livestock equipment.

It has become one of the leading suppliers of drinking waterer, circulation fan, calf hutch and pen, veterinary accessories, plastic free stall and feeding fence and electric fencing in the domestic and world market.

Since establishment, we have developed more than 200 products and got 25 patents. We have been focusing on our product quality, and set up our own quality management system. The company operation is obliged by ISO 9001-2008 QMS after 2013.

So far our products are prized all over the world and has been sold to more than 80 countries.

Our goal is to make livestock healthier and more comfortable.

1	<i>Livestock Waterer</i>	1-16
	Water Trough	1-13
	Water Bowl	14-16
2	<i>Livestock Fans</i>	17-25
	Circulation Fan and Exhaust Fan	17-23
	Ceiling Fan	24-25
3	<i>Livestock House</i>	26-31
	Calf Hutch	26-30
	Calf Pen	31-31
4	<i>Free Stall and Fence</i>	32-35
	Free Stall	32-33
	Feeding Fence	34-35
5	<i>Veterinary Equipment</i>	36-43
	Accessories	36-43
6	<i>Electric Fencing</i>	44-96
	Insulators	44-64
	Gate Handle	65-71
	Wire and Tape	72-77
	Strainer	78-80
	Post	81-87
	Toolings	88-96

Livestock Waterers-Water Trough

WATERER 4000 **Covering**

- ◎6 individual spots for cows to drink,20cm(7.8")per dairy cow,10cm(4")per beef cow
- ◎Made from heavy-duty, impact resistant polyethylene. One shot Roto-molded process brings the trough more strength and long-life usage
- ◎Inside solid polyurethane foam insulation keeps waterer ice-free in cold weather, water cool in summer, with no energy costs
- ◎Offset feet make them easy to install. Rounded edge design protects animals from bruise
- ◎Sealed and automatically controlled high flow rate float valve always keep fresh water available,with 1" fitting
- ◎No screwing for fixing thecover
- ◎Adaptable heating system for extra choice

Part No#	Length cm/ft.	Width cm/ft.	Overall Height(cm/ft.)	Drinking Height(cm/ft.)	Capacity (l/gal)	Flow Rate (l/gal per min)	Braided Hose	Package

Livestock House-Calf Hutch

CALF HUTCH 1500 WIDE

- ◎Made from food grade heavy-duty, impact resistant polyethylene.One shot Roto-molded process brings the calf hutch more strength and long-life usage, no rust forever and ECO friendly,-40°C strength testing passed
- ◎Easy installation, labor saving,can be customized with wheel for easy moving
- ◎Round designing make more loading in transportaiton
- ◎Rounded edge design protects animal from bruise
- ◎Inside more space from well designing,inside 2.88m²
- ◎High standard galvanised steel rod or pipe and plastic fence can be customized
- ◎Door can be cut left,right or middle
- ◎Fence, buckets,feeders and hay rack are all for extra component purchasing

Free Stall and Feeding Fence-Free Stall

Plastic Free Stall

- ◎ Made from high-quality and impact resistant compound plastic, long-life usage, ECO-friendly
- ◎ Flexibility minimizes damages to the animal
- ◎ The lying time will be prolonged considerably
- ◎ The animal is lying more correctly
- ◎ The cleaning time of the cubicles will be minimized
- ◎ Adjustable for all breeds and sizes
- ◎ Better oestrus conditions
- ◎ Less consumption of bedding
- ◎ Easy and cheap installation
- ◎ No assembling

- ◎ 1 upper plastic tube, 1 bottom plastic tube, 1 neck plastic tube and needed hot dip galvanised fixing pipe and other components for installation
- ◎ Neck plastic tubes connect with each other as long as needed

Part No#: **NWL480**

Name	Length mm	Tube O.D mm	Tube I.D mm	Remarks
Upper plastic tube	1580	74	48	with installation components, fixing pipe,screw,hoop...
Bottom plastic tube	2130	74	48	with installation components,fixing pipe,screw,hoop...
Neck plastic tube	1200	74	63	with installation components,screw,hoop...

Free Stall and Feeding Fence-Free Stall

Plastic Free Stall

- ◎Made from high-quality and impact resistant compound plastic, long-life usage, ECO-friendly
- ◎Flexibility minimizes damages to the animal, spring inside of tube make flexibility better
- ◎The lying time will be prolonged considerably
- ◎The animal is lying more correctly
- ◎The cleaning time of the cubicles will be minimized
- ◎Adjustable for all breeds and sizes
- ◎Better oestrus conditions
- ◎Less consumption of bedding
- ◎Easy and cheap installation
- ◎No assembling

- ◎1 upper plastic tube,1 bottom plastic tube,1 neck plastic tube and needed hot dip galvanised fixing pipe and other components for instalation
- ◎Neck plastic tubes connect with each other as long as needed

Part No#: **NWL120**

Name	Length mm	Tube O.D mm	Tube I.D mm	Remarks
Upper plastic tube	1050	74	48	with installation components, fixing pipe,screw,hoop...

Neck plastic tube	1200	74	63	with installation components,screw,hoop...

Free Stall and Feeding Fence-Feeding Fence

Plastic Feeding Fence

- ◎ Made from high-quality and impact resistant compound plastic, long-life usage, ECO-Friendly
- ◎ Adjustable width lets cow more easy to get feed
- ◎ No marks and damages from the fence to cow
- ◎ Cow is able to get more feed further out
- ◎ Different types of installing way for choose
- ◎ Give cow more freedom
- ◎ Easy to install
- ◎ No assembling

◎ 2 fence upper plastic tubes, 1 bottom galvanised square pipe and needed hot dip galvanised fixing pipes, components for installation

◎ Bottom hot dip galvanised square pipe completes up to 5790mm (if more than 2 cow positions are needed)

Part No#: NJL520				
Name	Length mm	Tube O.D mm	Tube I.D mm	Remarks
Fence upper plastic tube	520	74	48	with installation components, fixing pipe, screw, hoop...
Bottom hot dip galvanised square pipe	724	70	70	with installation components, fixing pipe, screw, hoop...

Veterinary Equipment- Accessories

2000 Footbath

Used for cow to prevent hairy warts, foot-rot and heel erosion
Impact resistant plastic, no rust
Length: 1935mm/76"
Width: 825mm/32.5"
Height: 180mm/7.1"

PK: 1pc/Wrap
Part No:
Black: ETN030B
Color can be customized

2800 Footbath

Used for cow to prevent hairy warts, foot-rot and heel erosion
Impact resistant plastic, no rust
Length: 2800mm/110"
Width: 825mm/32.5"
Height: 180mm/7.1"

PK: 1pc/Wrap
Part No:
Black: ETN280B
Color can be customized

Teat Dip Cup Non-return

Used for pre-milking and post-milking dipping
non-return, more healthy usage
Impact resistant plastic
Volume 300ml
With graduation
Length 68mm, Width 68mm, Height 220mm

PK: 1pc/bag, 20pcs/Carton
Part No:
Blue: ETN002BL
Green: ETN002G
Package and color can be customized

Teat Dip Cup Return

Used for pre-milking and post-milking dipping
Impact resistant plastic
Volume 300ml
With graduation
Length 68mm, Width 68mm, Height 220mm

PK: 1pc/bag, 20pcs/Carton
Part No:
Blue: ETN004BL
Green: ETN004G
Package and color can be customized

Teat Dip Cup Foamer

Used for pre-milking and post-milking dipping
non-return, more healthy usage
Foamer, save liquid usage
Impact resistant plastic
Volume 300ml, with graduation
Length 68mm, Width 68mm, Height 220mm

PK: 1pc/bag, 20pcs/Carton
Part No:
Blue: ETN005BL
Green: ETN005G
Package and color can be customized

Teat Dip Cup Brush

Made of high quality rubber
Soft sur
Ring is made of stainless steel
Save the liquid
Size: 80*80*25mm
Brush middle hole dia. 15mm

PK: 10pcs/bag
Part No:
Green: ECB015PE
Color can be customized

Veterinary Equipment- Accessories
